

AGSA-1: Setting up an Access Grid (PIG)

13 May 2005, 1200 – 1500 hours

Objective of Course:

To provide a hands-on training on the setup of a Personal Interface to the Grid (PIG) Access Grid node.

Course Outline:

- Brief introduction to Access Grid
- Parts of an Access Grid node
- How to set up a PIG AG node
 - Hardware check
 - Software check
 - Installation
 - Request/Import of Globus Certificate
 - Running the Access Grid Client

Audience : Users and System Administrators

Instruction Type : Workshop

Prerequisites for this workshop:

- a) Must have attended Course C2, or
- b) Have relevant experience in the area covered by the course. The applicant will be required to describe his relevant experience(s), which will be accessed by the NGCC team and will be handled on a case by case basis.
- c) Must bring along a **laptop with Windows XP/2000 installed, and a minimum configuration of a Pentium III 1GHz processor, 256MB RAM. A Webcam and a Headset is also necessary.**

No Show Fee: A charge of \$50 will be levied if the attendee does not turn up for the course, or cancels his application for the course within 24 hours from the start time.

This is a FREE course and registration is on a first-come-first-served basis as only 10 seats are available due to technical constraints.

Date : 13 May 2005
 Time : 1200 to 1500 hours
 Venue : The Big One, 21 Heng Mui Keng Terrace, Singapore 119613
